Architect specified. Designer selected. Client adored.™

**AmTab** is a full-service branding, interior design, manufacturing, and installation firm. We build strong partnerships by developing a deep understanding of your mission, values, vision, operations, and brand. Leveraging a global perspective and innovative approach, we deliver comprehensive solutions designed to inspire, engage, and transform learning environments into high-impact spaces built for success.

Our **Signage Graphics Decor** use a variety of elements—such as colors, typography, patterns, materials, images, themes, and messaging—to elevate the experience within the spaces we design together.

## SIGNAGE • GRAPHICS • DECOR

## MODERN • POPULAR • FUN K-12 LEARNING ENVIRONMENTS

# WHAT WE DO

**AmTab** partners with K-12 schools to design, manufacture, and furnish learning environments that support how students learn, gather, and grow. Our integrated approach delivers thoughtful, durable solutions for Dining Commons, Food Courts, and Food Halls, Classrooms, Media Centers and Libraries, Learning Commons and Flex Spaces, and much more—elevating both function and experience across the school.

## IMPROVE EXPERIENCE

Encourage greater student participation with an interior design that elevates the on-campus experience beyond nearby dining options.

## INCREASE SENSE OF VALUE

Reinforce to students and staff that they are consistently cared for and valued by providing welcoming spaces that support connection and collaboration. Cultivate pride, ownership, and enthusiasm for the school and its learning environments while strengthening community and morale.

## IMPROVE FLEXIBILITY

Optimize every educational square foot to support multi-functional use throughout the day for the district, school, and local community.

## INCREASE PROFITABILITY

Consistently maximize revenue year-over-year by encouraging students and staff to remain on-campus for meals rather than choosing off-campus alternatives.

## DECREASE COST

Improve traffic flow to reduce wait times and increase efficiency during peak periods, while repurposing underutilized spaces into active, high-value environments for student life.

**Let's make your K-12 Learning Environment  
Modern, Popular, and Fun!**

# HOW WE DO IT

## CUSTOM TABLE AND SEATING LOGOS

Collaborate with us to achieve powerful learning environments. Submit your logo and we'll create a branded experience for your space.

## DECOR AND GRAPHICS

Add a splash of color to food court interiors, libraries, hallways, flex spaces, and common areas. Create a forward-looking vision and elevate school spirit through personalized branding and custom decor.

## WINDOW GRAPHICS

Window graphics enhance any room by adding visual interest and depth. Using first and second surface applications, including frosting and high-quality white ink print, we direct print and apply prints to glass applications of all sizes.

## LAYERED ARTWORK

Implementing layered artwork will bring life to any room. Perfect for dining commons, hallways, flex spaces, and common areas. Grab students' attention while reinforcing your school's personality and spirit.

## 3D LETTERING

**AmTab** delivers a full spectrum of custom and standard signage products and capabilities for standout branded experiences. Our offerings include 3D lettering, light boxes, fabricated signs, and graphics on virtually any surface.

## FLOOR GRAPHICS

Our custom floor decals come in a wide range of shapes and sizes. They are easily installed on non-porous surfaces such as hardwood, laminate, sealed concrete, and tile.

## PAINT DECOR

Enhance your decor with thoughtfully curated color schemes for a vibrant, cohesive finish.

## HARDWARE

Install graphics with trusted and reliable hardware material to ensure the stability of your signage, graphics, and decor.
